### Programmer(intern)

InterSoft Pro

During the summer break I was an intern in InterSoft Pro, where I learnt how to deal with the problems in a team work manner, how to deal with my own responsibilities and how to express my thoughts in code and make it work.

**10/11/2019 – 09/12/2019** – Sofia, Bulgaria

### Tour guide

FELS

I was a tour guide of different groups of exchange students in Bulgaria for one month. In that way I managed to gain experience and confidence as a guide, I made a lot of new friends and it was an opportunity for me to encounter new cultures.

**01/01/2019 – 2021** – Sofia, Bulgaria

### Translator

Self-empyed

I was translating texts from Spanish to Bulgarian and English and vice versa, online when somebody hired me. I was doing this freelance work as a way of side hustle and one more way to gain experience in communication with people and earning money.

01/09/2020 – 01/01/2022 – Sofia, Bulgaria

## Web developer

Club of Nationalists of Bulgaria

Working in collaboration with Sofia University, I was the web administrator of their website for Nationalists (here). My main responsibilities were:

- Website maintenance (the act of regularly checking your website for issues and mistakes and keeping it updated and relevant)
- Content management
- Checking regularly the back-end(the server side) of the website

## PROJECTS

15/09/2019 – 10/03/2020

### ● "How You Doin'?"(HUD)

<https://play.google.com/store/apps/details?id=com.Daniel.hud&hl=en&gl=US>

This is my first Android application that I made. Its main purpose is to help people, who are not happy and want to improve their mood. With a given mood the app gives the user a list of different foods/ movies and books, which are proven to make people happier.

10/08/2020 – 03/09/2020

### ● The Twin Cars

<https://play.google.com/store/apps/details?id=com.SkardGames.TwoCarsClear&hl=en&gl=US>

This is my most successful Android game so far! It is for two players using one device, each player controls one car, the goal is to work together and make a high score!

### ● Jumpy Bird

<https://play.google.com/store/apps/details?id=com.Daniel.FlappyBird&hl=en&gl=US>

My first Android game, made by idea of the original "Flappy Bird"

### ● Medieval Jumpy Bird

<https://play.google.com/store/apps/details?id=com.Danick.MedievalJumpyBird&hl=en&gl=US>

Better version of "Jumpy Bird"

### ● Stack Builder

<https://play.google.com/store/apps/details?id=com.DanielHristov.StackBuilder&hl=en&gl=US>

Another arcade game made by me

### ● Zigi Zagi

<https://play.google.com/store/apps/details?id=com.danick.zigizagi&hl=en&gl=US>

The latest game I have done, it is again arcade, the purpose is to react quickly and avoid hitting in the walls.

## HONOURS AND AWARDS

**10/03/2019**

**Participant at the National Physics Olympiad – MON**

I participated in the Physics Olympiad and managed to get to the third and hardest round of the Olympiad, which took place in Vurshhec city. I was elected from my school, because I had the best results in Physics among all the students in my high school.

**2012**

**First place at Chess competition for children between 10-16 year old. – Ministry of Sports Sofia**

## CREATIVE WORKS

**CURRENT**

**Different portfolio templates**

As a front-end programmer, I am selling online portfolio template websites. Here I will upload some of my works. For them, I used HTML, JavaScript, CSS, Bootstrap.

**Online Quiz on Bulgarian History**

I made a quiz for Bulgarian history. This, I can say with confidence, is one of the best websites I have ever made! Unfortunately, it's no more online.
